CALIFORNIA
HAS ANOTHER
ALIEN BILL

(Associated Press Cable.)
SACRAMENTO, Cal., April 16.—
Fresh fuel was thrown on the already
blazing America-Japanese controversy,
originating in the Anti-Alien Land Bill
now in the state senate, by the intro-
duction into the assembly yesterday of
a new anti-Japanese bill. The meas-
ure now in the senate is taken by
Japan as directly aimed at the Japanese
land owners and the Japanese
farmers occupying leased land in the
state. The new bill, which has passed
first reading in the assembly, is taken
by the Japanese as aimed directly
against the Japanese now engaged in
the fishing industry up and down the
California coast.

The bill, which passed first reading
unanimously, is intended to place a
license fee of \$100 a year on all fish-
ermen who are not citizens or who
are ineligible to become such. As the
fishing industry of California is now
nearly altogether in the hands of the
Japanese, the measure has aroused
the greatest indignation among the
Japanese residents of the state. The
license fee is regarded as practically
prohibitive.

**OVER-NIGHT
FEDERAL
WIRELESS
To the Advertiser**

Pope Plus' end is but a question of
hours, according to the Pontiff's brother
and sisters and church dignitaries.
A Vatican attaché, in a position to
know the facts, gave out this information
tonight.

At 6 o'clock tonight the members of
the Pope's family were requested to
remain nearby, to hold themselves in
readiness for a final summons to his
bedside. Doctor Amici told them the
Pope could not possibly survive the
night, but Doctor Marchisava refuses to
abandon hope.

The Pope is convinced that his
death soon is inevitable and this after-
noon insisted on saying farewell to
his personal attendants, most of whom
had served him at Venice. The physi-
cians consented, limiting the num-
ber of servants admitted to the bed-
room.

At one time last night the Pope's
temperature reached 105 and his pulse
was weak. The bronchial trouble has
returned more acutely.

The gloomiest reports were circu-
lated today. One was that the Pope
told his sisters that he would "soon
see Rose," a sister who died last Feb-
ruary.

The Pope's relapse yesterday, ac-
cording to Doctor Marchisava, result-
ed from his refusal to obey orders.
An Enemy's Kindness.
The Italian government, supposedly
the Pope's bitter enemy, this after-
noon sent up a dirigible balloon and
sailed it over the Vatican, so the Pon-
tiff might see its evolution through a
window. Before his sickness, the
Pope's favorite pastime was watching
the flights of the dirigibles.

The house Democratic caucus today
considered the wool, cotton and flax
schedules. The principal debate was
over free wool. Representative Ash-
brook of Ohio and the Western Demo-
crats demanding a 15 per cent duty on

Chairman Underwood, after an early
conference with President Wilson, ex-
pressed confidence today that the tar-
iff bill would be approved by the house
caucus without amendment within the
next three or four days.

With the intention of lynching Ed-
ward Beeler and Mrs. Jessie Stroud,
following the killing of Stroud by the
latter, after he had found Beeler in
her company, a mob stormed the jail
at Vivian, near Shreveport, last night.
Anticipating the demonstration the
authorities had brought the prisoners
to Shreveport.

It is reported the woman recently
insured her husband for \$5000.
"I was out riding with Ed when I
saw that Brute Stroud," Mrs. Stroud
declared today. "I knew I must kill
him. He told me that if I would not
dismount he would kill Ed and me. I
dismounted for no other purpose than
to kill the fiend. I am not sorry in
the least. There isn't a chance to
convict me."

Women Avoid Operations

When a woman suffering from some form of feminine
disorder is told that an operation is necessary, it of course
frightens her.

The very thought of the hospital operating table and the
surgeon's knife strikes terror to her heart, and no wonder.
It is quite true that some of these troubles may reach a stage
where an operation is the only resource, but thousands of
women have avoided the necessity of an operation by taking
Lydia E. Pinkham's Vegetable Compound. This fact is
attested by the grateful letters they write to us after their
health has been restored.

These Two Women Prove Our Claim.

Cary, Maine.—"I feel it a duty I
owe to all suffering women to tell
what Lydia E. Pinkham's Vegetable
Compound did for me. One year ago
I found myself a terrible sufferer.
I had pains in both sides and such a
soreness I could scarcely straighten
up at times. My back ached, I had
no appetite and was so nervous I
could not sleep, then I would be so
tired mornings that I could scarcely
get around. It seemed almost im-
possible to move or do a bit of work
and I thought I never would be any
better until I submitted to an opera-
tion. I commenced taking Lydia E.
Pinkham's Vegetable Compound and
soon felt like a new woman. I had
no pains; slept well, had good ap-
petite and was fat and could do almost
all my own work for a family of
four. I shall always feel that I owe
my good health to your medicine."
—Mrs. HATWARD SOWERS, Cary, Me.

Charlotte, N. C.—"I was in bad
health for two years, with pains in
both sides and was very nervous. If
I even lifted a chair it would cause
a hemorrhage. I had a growth which
the doctor said was a tumor and I
never would get well unless I had
an operation. A friend advised me
to take Lydia E. Pinkham's Vegeta-
ble Compound, and I gladly say that
I am now enjoying fine health and
am the mother of a nice baby girl.
You can use this letter to help other
suffering women."—Mrs. ROSA SIMS,
16 Wyona St., Charlotte, N. C.

Now answer this question if you can. Why should a wo-
man submit to a surgical operation without first giving Lydia
E. Pinkham's Vegetable Compound a trial? You know that
it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable
Compound has been the standard remedy for fe-
male ills. No one sick with woman's ailments
does justice to herself if she does not try this fa-
mous medicine made from roots and herbs. It
has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO.,
(CONFIDENTIAL) LYNN, MASS., for advice.
Your letter will be opened, read and answered
by a woman and held in strict confidence.

SUGAR MEN USE PUBLICITY TO AID BATTLE FOR PROTECTION

Asking the aid and support of the
public to prevent the threatened re-
duction in the sugar tariff, the Domest-
ic Sugar Producers, the bureau now
campaigning in Washington, is using
publicity on a big scale to secure the
desired results.

Local sugar men have received
from Washington some of the bullet-
ins that are now being published as
big display advertisements in Wash-
ington papers. Below are two.

The Hawaiian representatives are
the leaders in this plan, which is re-
garded as sure to make a good im-
pression on congress. Below are two
of the bulletins which have been ad-
vertised extensively:

Domestic Sugar Bulletin No. 3
THEY SAY THAT "The refining in-
terest is the most important factor
connected with sugar manufacturing
in the United States. Therefore,
the industrial position of re-
fining requires primary considera-
tion."

THE FACTS ARE that the refineries
of the United States do not produce
a pound of sugar. They buy raw
sugar already 96 per cent pure and
sell it again after taking out about
four per cent of impurities. This
operation adds no actual wealth to
the nation. Domestic beet granu-
lated sugar is produced without the
assistance of these refineries. If

was captured in Oakland, after jump-
ing from the speeding auto and, swing-
ing aboard a moving passenger train
bound for that city.

Charles R. Crane of Chicago, who is
known to be the foremost among
those whom President Wilson has un-
der consideration for appointment as
ambassador to Russia, was a White
House caller today, and the executive
officers were silent about the object
of his visit.

Two great icebergs, 100 miles north
of the trans-Atlantic steamship lanes,
and moving southward, were discov-
ered by the revenue cutter Sagaca on
April 13, according to a delayed wire-
less dispatch to the revenue cutter
service today.

Frank declaration that the California
Anti-Alien Land Bill is aimed di-
rectly at the Japanese, despite at-
tempts to conceal its real purpose,
was voted in Washington today to
government officials by the Japanese
ambassador in renewing his protest to
the California bill. Japan's formal
protest is expected to be filed later.

President Wilson does not believe
he can prevent the bill's passage.
Wilson and Secretary of State Bryan
conferred again over the measure this
morning and decided to watch the sit-
uation and, if necessary, send a state
department representative to Sacra-
mento to get first hand information.
President Wilson holds that a state

the domestic sugar production is al-
lowed to continue its expansion, ul-
timately the country will be able to
dispense with refineries. There-
fore, the refining interest ought not
to have primary consideration. Give
primary consideration, first to the
permanent interests of the consumer,
and, next to the domestic pro-
ducers.

Domestic Sugar Bulletin No. 4
THE SAY THAT the interests of the su-
gar Refiners and the sugar Con-
sumers are identical.

THE FACTS ARE that while one part-
ner of Arbuckle Brothers, Sugar
Refiners, was announcing in the
press that he proposed to devote his
life to getting free sugar for the
benefit of the American Consumer,
another partner was testifying un-
der oath before a Congressional
Committee that with free sugar "the
beet would not be so prosperous
and we would probably sell more
sugar." The real interests of the
Refiners are just what they always
have been.

Planning a Boycott.
It is understood that Japan already
is planning to boycott American goods.
The president is trying to demonstrate
to Japan that the general feeling in
America should not be judged by the
situation in California.

It was officially announced today
that arrangements have been con-
cluded for the issue in Paris of a
Japanese loan of \$33,500,000 at 5 per
cent. Thirty-five million dollars of
this amount is to be allotted to the
redemption of railroad bonds.
